1. The Ministry of War has requested the Ministry of Heavy Industry to place an order with the Magyar Ruggyaárugyaár of Budapest for ten million pairs of rubber shoes and rubber boots to be produced in the first two years of the Five Year Plan. The director of the factory reported that with the available machines and raw materials the order cannot be filled in two years. The factory would be very lucky if it attained this number by the end of the Five-Year Plan.
2. The Ministry of Heavy Industry, therefore, was requested by the Ministry of War to purchase the necessary machines, and to augment the number of workers, because the shoes and boots are definitely needed by the end of the second year and the Ruggyaárugyaár must meet the requirements.
